### PERHAPS TOO CONSERVATIVE

### A Horse's Memory.

The least hurt and most valuable of the three horses attached to the pantomicon which came into collision with Sir Thomas Hanbury's motor-car between Linsfield and Westerham two weeks ago was yesterday repassing the spot where the accident occurred when the animal neighed several times and dropped dead. The horse had not worked since the accident until yesterday. London Mail.

### A Farmer Shot by a Cow.

Ira Cummins, a Woods county farmer, was accidentally shot near Marshall while attempting to remove a cow and a calf from a pasture. Cummins carried a loaded shotgun, and the cow became angry and chased Cummins. In so doing she caught her horns on the gun trigger, discharging the weapon. The contents entered Cummins' breast, killing him instantly. —Alva Pioneer.

### A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 35c, at the Red Cross and Parlor Drug Stores.

### SPORTING NOTES.

The winter race track war is evidently to be a "fight to a finish."

"Battling" Nelson, who defeated Young Corbett, began life as an iron-worker in Illinois. His parents are Danes.

The indoor game of squash rackets is becoming very popular throughout the United States. Scores of new courts are being built this winter.

### SCIENCE SIFTINGS.

The distance to the moon can be computed by astronomers in half a dozen different ways with almost absolute accuracy.

Aluminum, once hailed as the coming metal, is not so much heard of now. No satisfactory process of welding it ever has been discovered.

Cactus spines have been studied by Dr. Darbishire, who expresses the opinion in the "Annals of Botany" that they act as a screen against excess of sunlight.

"Nonignitable darningette," a new English fireproof material for clothing, is made by impregnating the cloth with oxide of titanium. All inflammable textiles can thus be rendered fireproof, and dyeing, bolting or washing will not remove the oxide.

**Missed His Chance.**  
The corporation of Liverpool wanted some land to add to the city's watershed, but offered only \$2,000,000 for it, whereas the owner wanted \$2,250,000. But the parties submitted the matter to arbitration, and the arbitrators fixed the value of the land at \$302,555.

**London Writers.**

## Are You Out of Sorts

Many People, Not Really Sick, Are Out of Sorts—The Old-Time Energy and Spirits Are Lacking.

Something is needed to restore that animation that characterized the days before the system had been overtaken or weakened by care, work, folly, excess or worry. Good, rich blood and strong, steady nerves are essential to perfect health and enjoyment of life. When vitality is lacking, pleasures cease and work becomes a drudge and drag. Blood is the well-spring of the body. With either of them impaired life loses much of its charm. Nothing puts animation and satisfaction into living as quickly, safely and surely as Dr. Chase's Blood and Nerve Food. It soon brings you out of all unnatural mental or physical conditions due to either blood poverty or to nervous enfeeblement. Weigh yourself before taking it. This is the food that made the name "Chase" famous. The genuine is made only by The Dr. Chase Co., Philadelphia, Pa. Price 50 cents a box, five boxes, enough to give it a fair trial, \$2.00. Book free.

Sold and guaranteed by E. A. Drown.
